

## Diamond Set Up for Blastball Game

### How the Game is Played

Each team takes turns batting every player  
**OR** the same number of players  
as the opposing team

One Coach stays in the dugout and prepares  
the next batter

One Coach Assists and Instructs the player  
at bat - stance, swing, **READY-SET-GO**

Each game is two innings (each team bats  
twice and fields twice)

In Field Coaches must keep order for safety  
reasons, not for control reasons

### Safety & FUN Considerations

Every Batter **MUST** wear a helmet

The dugout Coach must keep the players  
sitting in batting order **OR** at least **IN** the  
dugout

**ALWAYS** be aware of where the bat is.  
Secure the bat with your hand while setting  
up or instructing

If it's hot, they're tired, they're very bored,  
or you're losing them, ...just play one inning

Watch where the players are standing  
and **LOOKING**. Don't cross into  
the Dead Ball Zone
